On 05/14/2024, the U.S. Probation Office filed a PETITION FOR ACTION ON CONDITIONS OF PRETRIAL RELEASE (PS8) alleging the following:

On 04/29/2024, Mr. Medoff admitted to marijuana use and denied any cocaine use. He provided a urinalysis, and the sweat patch was applied. This sample was sent to the national lab, Alere, which has been confirmed as a positive test for cocaine.

On 05/03/2024, Mr. Medoff reported to the office as directed and provided a urinalysis. He denied any drug use. This sample was sent to the national lab and has been confirmed as a positive test for cocaine.

On 05/06/2024, Mr. Medoff met with Probation Officer, Maureen Curran. Mr. Medoff reported that he did have a cocaine relapse on or around 04/23/2024. He denied any cocaine use after that date and estimated that he was sober from cocaine for about eleven days. He provided a urinalysis on this date. This sample was sent to the national lab and has been confirmed as a positive test for cocaine.

On 05/06/2024, Mr. Medoff reported to the office as directed and the initial sweat patch was removed and a new one was applied. He denied any additional use of cocaine or marijuana. He provided a urinalysis, and this sample was sent to the national lab and has been confirmed as a positive test for cocaine.

On 05/13/2024, Mr. Medoff reported to the office as directed and provided a urinalysis via an instant cup with initial results yielding a positive for cocaine. The sample has been sent out for further testing and results are pending. Mr. Medoff adamantly denies further cocaine use and has been referred for a substance use evaluation. The probation office did not apply a new sweat patch on Mr. Medoff due to the expiration date on the available patches. A new shipment of sweat patches has been ordered and will be readministered on Mr. Medoff upon arrival.

The U.S. Probation Office wishes to inform the Court that as of this writing:

The urinalysis provided by Mr. Medoff on 05/10/2024 was tested by our local lab and resulted in a positive test for cocaine. This sample has been sent to the national lab for confirmation.

The urinalysis provided by Mr. Medoff on 05/13/2024, which tested positive for cocaine via an instant cup, was tested by our local lab and resulted in a positive test for cocaine. This sample will be sent out to the national lab for confirmation.
